MAINE CENTRAL RAILROAD.

ANNUAL REPORT OF THE OFFICERS.

The *Kennebec Journal* gives the following abstract of the annual report presented at the meeting of Stockholders of the Maine Central Railroad in Augusta, on Wednesday.

From the annual report of the board of Directors, made by the President, Hon. Abner Coburn, we learn that the road has shared in the general depression of business, though a most satisfactory showing is made of its affairs.

The total earnings for the year 1875 have been $1,786,076 17. Operating expenses, $1,147,050 82. Net earnings, $639,025 35, sufficient to pay all operating expenses, interest, coupons, and rents, and leave a small balance. In 1874 the total receipts were $2,091 [illegible] 55, and operating expenses $1,[illegible] 27. Net $812,[illegible] 30. Showing a diminution this year, as compared with 1874, in gross receipts $305,[illegible], and in net [illegible] of $173,[illegible].

Of this reduction in the gross receipts the past year $77,322.50 was occasioned by the modification of former contracts for the purpose of providing uniform [illegible] between the Eastern and Boston & Maine Roads, which will result, undoubtedly, to the benefit and to the general convenience of the patrons who have occasion to do business over the roads west of Portland. The balance of the diminution in the gross receipts, $231,[illegible] 82, must be attributed to the general depression of the business of the country, and to reduction of tariff by [illegible].

The modification to which reference is made above, is found in the third article of [illegible] contracts made between the company and the Eastern and Boston & Maine Roads respectively, in regard to transportation of freight and passengers to all points on the roads mentioned, etc. Important concessions have been made by the company in the interest of the growing prosperity of the State, and with a view to the further development of all its resources.

During the present year the second mortgage bonds of the Somerset & Kennebec Railroad Co., amounting to $250,000, will mature. Bonds of the Company have been provided and appropriated for their redemption. It is also deemed advisable to issue the bonds provided for that purpose to liquidate a portion of all the floating debt of the Company at an early day.

The night passenger train, however convenient and desirable, cannot be run as a matter of mere charity or display. Its original design was to establish a continuous line from Boston to St. John, and the train was run for that purpose for some time. But the hopeful prospect was materially clouded by the withdrawal of the night train between Bangor and St. John, thus compelling all business leaving the latter city in the afternoon for the West to resort to transportation by water. The night train cannot be run as at present, but the Directors have the strongest assurances from the managers of the European & N. A. Railway, that the night train between St. John and Bangor will not only be restored early the present season, but under circumstances which will give it a business largely increased from any heretofore done by [illegible] the Directors' report [illegible] as follows:

We have noticed [illegible] in the recent discussions that have grown out of the pending consolidation of the railroads leading eastward from Boston statements have been made in relation to transactions had with this Company as matters of debate, which we deem erroneous, still not deeming this a suitable time to go into discussions of their merits, we only desire to express our dissent, lest by silence we be supposed to assent to their correctness.

In conclusion we have to suggest, that although the past year has been one of depression and hardship, it has not been wholly without redeeming characteristics. That while the falling off of our general business has been large, the heaviest part of that decrease was in the middle and earlier part of the year, that in the later months there has been little or no decrease from corresponding months of the preceding year, and that this improved condition of things continues to the present time, giving us reason to hope that the dawn of a better day is upon us. The necessities of the times have so impressed the lessons of economy, that even should there be for the present year no substantial increase of our business, the diminution of our expenses will produce a marked increase in the net earnings of the road.

This further reflection may be indulged, that such is the favorable location of our road and its branches, as exhibited on the accompanying map, being as it is an important link in the great connecting line between the Provinces east, and the States west of us, and literally filling the valley between the ocean and the mountain, that when the business of the country shall revive it must at no distant day, we shall be the recipients of our full share of that restored prosperity. It cannot be lost or taken from us, unless by our own apathy or neglect.

The financial condition of the company is presented by the experienced and faithful Treasurer, John S. Cushing, Esq. Elaborate tables are given of the indebtedness, the earnings of the road, and all the expenditures. The receipts and expenditures in the aggregate we have given in the Directors' Report. The accounts were examined by A. T. Thompson, Esq., and found to be accurate, there being on the 11th of March a balance of cash in the treasury amounting to $207,218.81.

The report of the Superintendent, Mr. Payson Tucker, presents in detail the practical operations of the road:

The number of miles run during the year by Passenger Trains, was	[illegible]
The number of miles run during the year by Freight Trains, was	404,545
The number of miles run during the year by wood, construction and switching,	363,200
Total,	1,[illegible],060
Increase of Passenger Train mileage over last year,	29,010 m.
Decrease of Freight Train mileage over last year,	55,0[illegible]
Increase of Wood, Construction and Switching Train mileage over last year,	16,0[illegible]
Number of Passengers transported has been,	673,372
Number of Tons of Freight transported,	374,104

There have been numerous repairs and improvements made in new track laid, etc., 100 tons of rerolled iron rails used in 1875, have been paid out of the earnings of 1875, amounting to $6,[illegible]. Five hundred and forty-five feet of new bridges have been built, and several bridges filled with solid embankment. Several new engine and freight houses have been erected, and new cars built. All the rolling stock is in good condition as that of any railroad in New England. The Hallowell people will be glad to know that it is recommended to build a new station house there.

Of the total number of passengers carried the past year (673,372), none were injured. The following fatal accidents have occurred to others, in all of which the company have been exonerated from blame:

August 27, Charles Winslow stepped from the platform at Winthrop Station as the train from the [illegible] was approaching which struck and killed him.

December 11, a [illegible] master's Train came in collision with a Hand Car near [illegible] Curve, between Waterville and West Waterville, instantly killing Silas H. Potter, trackman, and John Hoar of Waterville.

Nov. 19, Wm. Haynes, brakeman, was struck by an overhead bridge at Belgrade and instantly killed.

Nov. 19, N. O. Mitchell of Gardiner was seriously injured by being struck by a train while standing on the track near the station in this city. Mr. Mitchell died Nov. 30.

Nov. [illegible], Alexander Bailey, a carpenter, in attempting to get off a train at Woodford's Station, slipped and fell beneath the wheels and was terribly crushed. He died same day.

The pay-roll of the Company for 1874 was $691,[illegible], for 1875 $[illegible], showing a decrease of $[illegible].

The report contains a new and accurate map of the road with all its connections.

OUR CANDIDATE.

FOR PRESIDENT OF THE UNITED STATES,

HON. JAMES G. BLAINE,

Subject to the action of the Republican National Convention.

Republican National Convention, 1876.

The next Union Republican National Convention for the nomination of candidates for President and Vice President of the United States will be held in the CITY OF CINCINNATI, on WEDNESDAY, THE FOURTEENTH DAY OF JUNE, 1876, at 12 o'clock noon, and will consist of delegates from each State equal to twice the number of its Senators and Representatives in Congress, and of two delegates from each organized Territory and the District of Columbia.

In calling the conventions for the election of delegates the committees of the several States are recommended to invite all Republican electors, and all other voters, without regard to past political differences or previous party affiliations, who are opposed to reviving sectional issues, and desire to promote friendly feeling and permanent harmony throughout the country, by maintaining and enforcing all the constitutional rights of every citizen, including the full and free exercise of the right of suffrage without intimidation and without fraud; who are in favor of the continued prosecution and punishment of all official dishonesty, and of an economical administration of the government by honest, faithful and capable officers; who are in favor of making such reforms in government as experience may from time to time suggest; who are opposed to impairing the credit of the nation by depreciating any of its obligations, and in favor of sustaining in every way the national faith and financial honor; who hold that the common school system is the nursery of American liberty, and should be maintained absolutely free from sectarian control; who believe that, for the promotion of these ends, the direction of the Government should continue to be confided to those who adhere to the principles of 1776, and support them as incorporated in the Constitution and the laws, and who are in favor of recognizing and strengthening the fundamental principle of National Unity in this Centennial Anniversary of the birth of the Republic.

E. D. MORGAN, Chairman,
WM. E. CHANDLER, Secretary,
Republican National Committee.
Washington, January 13, 1876.

MISSOURI FOR BLAINE.

[St. Louis correspondence Chicago Tribune.]

The most impressive and significant fact in the investigation of the political problem from a Republican stand-point in this State is the out-spoken preference everywhere manifested for James G. Blaine. Having boldly asked not less than 100 American Republicans in this city, many of them from the interior, and some of them honored with the confidence of the party in the past, it has been the experience of the writer that three out of four have preferred Blaine. The only exceptions are those who follow the German Liberals in supporting Bristow, and the Federal officials or colored men after Morton. The St. Louis County Committee—nearly all the Republican candidates of the past four years, Republican members of the Legislature, and men who know the temper of the party, are friendly to Blaine by the score. In fact, it is impossible to ignore the decided tendency of the Republicans to sustain the Blaine movement in St. Louis. A prominent Republican leader told me on 'Change yesterday that every day he heard fresh expressions of preference for Blaine over everybody. The Belknap scandal has rather intensified the desire to see Blaine elected. The absence of objection to Blaine on account of locality is one of the marked peculiarities of the Republican situation. It is evident that the party in this State would hail his nomination with unbounded gladness.

THE DEMOCRATIC MUDDLE.

It seems that the Democrats in the House succeeded in stultifying themselves repeatedly on Wednesday. First they were on the point of adopting, 128 to 83, Mr. [illegible] amendment including Senators and Congressmen in the prohibition against contributing to political funds; next they rejected, 91 to 119, Mr. Hoar's provision that voluntary contributions for the circulation of documents be not forbidden, then they voted down 102 to 107, the Blaine amendment before adopted, and finally passed a substitute bill by Brown, of Kentucky, making the contribution of funds for political purposes by any Federal employee punishable with fine and imprisonment. In their zeal they also tacked on a section against intimidation and empowering the U. S. District Courts and U. S. Marshals to enforce the law. The Bourbons who presented these amendments are now somewhat chagrined to learn from Republicans that the amendment of Goode, of Virginia, makes the bill actually cover every feature of the fiercely denounced "Force Bill" defeated last year, with the sole exception of power to suspend the writ of habeas corpus. The Republicans maintain that under it they can successfully prevent the wholesale intimidation which has handed a number of Southern States over to Democratic control. The whole design of the Democrats was an electioneering dodge, and they have made themselves ridiculous and ended as usual by burning their own fingers.

After the Committee had reported adversely, Mr. Dana was offered a hearing, but declined it.—*Maine Farmer.*

The *Farmer's* statement, carefully worded to convey an imputation, is inexcusably untrue. The adverse report of the Senate Committee was not made until Tuesday, March 22, while Mr. Dana was invited to appear early in the preceding week and declined in a letter dated March 16. As the letter was widely published the above item could only have resulted from gross ignorance or deliberate perversion.

In the New York Republican Convention on Wednesday, George William Curtis delivered a powerful protest against committing the delegation to Senator Conkling, and plainly suggested that delegates would in any event act at Cincinnati as they deemed best for the party. Mr. Curtis' substitute for the Conkling resolutions was defeated, 113 in favor, 250 opposed. The organization of a Blaine Club in Buffalo, on the day of the Syracuse Convention is a suggestive "straw."

The Hartford *Courant* remarks: "So far as we have noticed no Republican paper has failed to condemn the iniquity of Gen'l Belknap. And so far as we have noticed, also, no Democratic paper has had any fault to find with the peculiar position of Mr. Pendleton and Mr. Clymer." Nevertheless, we suppose the only hope for the triumph of purity and reform is in the success of the great party led by Fernando Wood, Pendleton, Randall, Clymer, and Ben. Hill."

Governor Connor nominated Hon. Parker P. Burleigh to close up the business of the Land Office under the recent acts of the Legislature, but the Executive Council, by a vote of 4 to 3, failed to confirm the appointment. The reasons for this action are not obvious, as Mr. Burleigh's integrity and ability have not been questioned, and his experience certainly gives him special qualifications for finishing up the work of the office.

POLITICAL AND PERSONAL.

President Grant to Mr. Clymer: "Here's Marsh. Don't lose him again, now."

A cable telegram announces the fact that the House of Commons defeated by a vote of 305 to 200 the motion to confer on the Queen the additional title of Empress of India.

Our Republican friends are utterly unable to distinguish between the offence of Belknap and that of Pendleton.—*Worcester Press.*

Oh, yes; there was a marked difference. The first, without defrauding the Government, disgraced the country by receiving a bribe from a man who defrauded other men. The latter seems to have defrauded first the Government and then his clients, and after, when accused, to have denied it all. The Republicans have no defence for either of them.—*Boston Traveller.*

The Chicago *Tribune* says: "The checkiest thing that has occurred since the 1st of January, 1876, was the vote of the Hon (?) Schumaker, Democratic M. C., for the impeachment of Belknap. He had $100,000 of Pacific Mail corruption fund in his pockets at the time. His party confreres have not troubled him about it. There is no resolution pending for his expulsion or impeachment. Why is this thus?"

A Republican candidate in Nashua, N. H., who was accused of offering $27 for a vote in front of the polls, has written an explanation. He says: "As one John McAuliffe was about to vote on Tuesday, I said, 'Have you got that $27, John?' referring to the fact that McAuliffe had been fined in the Police Court the past year in the sum of $27, and that he had frequently said he would not vote the Democratic ticket unless the fine was paid back to him. He did vote the Democratic ticket, and I suppose had the fine paid back to him. This is all there is to the atrocious slander."

The New York *Tribune* says: "Mr. Blaine still holds his popularity in Minnesota in spite of the Belknap exposure." Of course he does; what on earth has Belknap got to do with him, anyway? It would be as sensible to say that Mr. Blaine still retained his popularity in spite of Winslow's forgeries. For the rest, three-fourths of the Republican papers in Minnesota are strong for Blaine, and few if any of them have expressed a choice for anybody else. It is the same way in Wisconsin and Iowa. The Northwest will be a unit for Blaine in the convention, and the voice of the Northwest ought to weigh with the the convention, for it has solid Republican majorities behind it.—Springfield *Union.*

Secretary Bristow and ex-Speaker Blaine have accepted an invitation of the Committee of Arrangements to be present at the semi-centennial celebration at Wesleyan Seminary, Wilbraham, Mass., on the 21st of June.

Gen. Custer says that he graduated last in a class of 34 at West Point and in a four years' course put in 60 Saturdays on extra guard duty for infringing the regulations.

The N. Y. *Times'* special reports: "It is said that those voting in favor of the rejection of Dana, were Cameron, of Pennsylvania, Frelinghuysen, of New Jersey, Republicans, and Messrs. McCreery, of Kentucky, Bogy, of Missouri, and Eaton of Connecticut, Democrats. This would leave Mr. Morton, of Indiana, Mr. Hamlin, of Maine, and Mr. Howe, of Wisconsin, voting in favor of his confirmation. This list is probably correct."

By a vote of 23 to 20, the Senate yesterday passed an act fixing the salary of Hon. James G. Blaine, from the 4th of March, 1877, at $25,000, per annum.—St. Louis *Globe-Democrat.*

The investigation of Philadelphia navy-yard matters has been indefinitely postponed. Is a Democratic "deal" [illegible] of Randall under the hay?—Springfield *Republican.*

Susan B. Anthony told a Chicago *Post and Mail* reporter that she had absolutely refused to say anything about the Beecher matter, and added that the reports of her having said Beecher is guilty were a tissue of lies.

THE MAINE CENTRAL. The *Kennebec Journal* says: "It will be noticed that four of the old board have been dropped—Frank W. Hill, John Cummings, N. M. Whittemore and John Wooldredge—the two former on account of the decision to reduce the number of Directors, and the two latter to make room for John B. Brown, whose name was dropped from the list last year, and Samuel C. Lawrence, who is President of the Eastern Railroad. It will be seen that six of the stockholders—a majority on the board—reside in Maine. They are men of experience and high standing in whom the public have confidence; and whatever corporation may own the largest share of the stock, it would seem that in the hands of these gentlemen the interests of our State ought not to suffer greatly. During the past year, the venerable President, Gov. Coburn, has given a large share of his personal attention to the management of the affairs of the road. His opinions and judgment have had great weight in the administration of its affairs which have generally been successful and have met the public approval. Gov. Coburn has consented to remain one year longer in service, and will use his endeavors, in co-operation with his associates, to make the road a dividend paying one. Its 7 per cent. bonds are now selling at 85.

At the adjournment of the meeting it was decided to hold the meeting of the new board at Portland, on Thursday of next week, when a President and other officers will be chosen. The Directors are unanimously in favor of the re-election of Gov. Coburn.

The Democrats of Pennsylvania at Lancaster on Wednesday elected William A. Wallace, Hiester Clymer, A. H. Hill and H. M. North, as delegates-at-large to the National Convention, and adopted a long series of resolutions. The currency question they attempted to straddle, the seventh resolution declaring for gold and silver and resumption at some indefinite period, while the sixth denounces the specie resumption act and demands its repeal, and the eighth makes a stump speech against all the efforts that have been made to return to a hard money basis. A resolution indorsing Jere. S. Black as a candidate for President was laid on the table.

A Washington despatch to the Boston *Journal* says Pendleton's examination by the House Judiciary Committee exposed his conduct in a still more scandalous light. It appears that when the claim of $148,000 was collected and divided, the ownership of the Railroad was vested by action of the Court in the Counties through which it ran and not in the Bowler estate. Hence the readiness of the managers and pretended owners to share liberally in secret, a sum to which none of them had any right. As Pendleton was a party to the litigation he knew all the facts.

ALLEGED CRIME AND FLIGHT.—Ex-Judge William C. Barrett, of New York, sailed for Europe on Saturday, on the Periere, and startling rumors are afloat as to the cause of his departure. It is alleged that he had forged papers, including mortgages, deeds and other real estate documents, to the extent of about [illegible]. He was the head of the firm of Barrett, Redfield & Hill, of 30 Nassau street, and did a large real estate law business. He has lost heavily [illegible] and [illegible] speculation. He was a leader of the [illegible] Hall Democracy.

CENTAUR LINIMENTS.

White, for the Human Family.
Yellow, for Horses and Animals.

These Liniments are simply the wonder of the world. Their effects are little less than marvelous, yet there are some things which they will not do. They will not cure cancer or mend broken bones, but they will always allay pain. They have straightened fingers, cured chronic rheumatism of many years standing, and taken the pain from terrible burns and scalds, which has never been done by any other article.

THE WHITE LINIMENT is for the human family. It will drive Rheumatism, Sciatica and Neuralgia from the system; cure Lumbago, Chilblains, Palsy, Itch, and most Cutaneous Eruptions. It extracts frost from frozen hands and feet, and the poison of bites and stings of venomous reptiles. It subdues swellings, and alleviates pain of every kind.

For sprains or bruises it is the most potent remedy ever discovered. The Centaur Liniment is used with great efficacy for Sore Throat, TOOTHACHE, CAKED BREASTS, Earache, and Weak Back. The following is but a sample of numerous testimonials.

"INDIANA HOME, Jeff Co., Ind., May 28, 1873.

"I think it my duty to inform you that I have SUFFERED much with SWOLLEN FEET and CHORDS. I have not been FREE from these swellings in EIGHT YEARS. Now I AM PERFECTLY WELL, thanks to the Centaur Liniment. The Liniment ought to be applied warm.

BENJAMIN BROWN."

The proof is in the trial. It is reliable, it is handy, it is cheap, and every family should have it.

To the sick and bed-ridden, the halt and lame, to the wounded and sore, we say, "COME AND BE HEALED."

To the poor and distressed who have spent their money for worthless medicines, a bottle of CENTAUR LINIMENT will be given without charge.

The Yellow Centaur Liniment.

is adapted to the tough muscles, cords and flesh of horses and animals. It has performed more WONDERFUL CURES of Spavin, Strain, Wind-galls, Scratches, Sweeny, and general Lameness, than all other remedies in existence. Read what the great Expressmen say of it:

"NEW YORK, January, 1874.

"Every owner of horses should give the CENTAUR LINIMENT a trial. We consider it the best article ever used in our stables.

H. MARSH, Supt. Adams Ex. Stables, N. Y.
E. PULTZ, Supt. U. S. Ex. Stables, N. Y.
ALBERT S. OLIN, Supt. Nat. Ex. Stables, N. Y.

"MONTGOMERY, ALA., Aug. 17, 1874.

"GENTLEMEN,—I have used over one gross of CENTAUR LINIMENT, yellow wrapper, on the mules of my plantation, besides dozens of the family Liniment for my negroes. I want to purchase it at the wholesale price, and will thank you to ship me by Savannah steamer one gross of each kind. Messrs. A. T. Stewart & Co. will pay your bill on presentation. Respectfully, JAMES DARROW."

The best patrons of this Liniment are Farriers and Veterinary Surgeons. It heals Galls, Wounds and Poll-evil, removes Swellings, and is worth MILLIONS OF DOLLARS to Farmers, Livery-men, Stock-growers, Sheep raisers, and those having horses or cattle.

What a Farrier cannot do for $20 the Centaur Liniment will do at a trifling cost.

These Liniments are warranted by the proprietors, and a bottle will be given to any Farrier or Physician who desires to test them. Sold everywhere.

MAINE NEWS.

FROM ELLSWORTH.

The Mayoralty.

ELLSWORTH, March 23. The Democrats have nominated Monroe Young for mayor, and the Republicans Horace Davis. The election occurs Monday next.

FROM ROCKLAND.

The Union Rape Case

ROCKLAND, March 23. In the Union rape case to-day various witnesses were introduced to show the untruthful character of Nellie Wright, and to discredit the case of the Government. The prisoner testified and denied all allegations against him. The child was again submitted to a lengthy examination in rebuttal, and maintained her original declarations and contradicted defendant's witnesses. The testimony is nearly all in and the case will probably go to the jury to-morrow.

DOMESTIC NEWS.

FORTY-FOURTH CONGRESS—First Session.

Senate.

WASHINGTON, March 23.

Mr. Morton gave notice that on Monday next he would ask the Senate to take up and dispose of the resolution to investigate the alleged frauds in the recent elections in Mississippi.

Mr. Wright said he would ask the Senator from Michigan (Mr. Christiancy) to call up and press for consideration the motion to reconsider the vote on the bill fixing the salary of the President.

Mr. Christiancy said he did not care to call up the matter. He had given such notice the other day because he thought some of the friends of the measure wanted to say something more on the subject. He had no interest in its reconsideration, only to give Senators in favor of the measure another chance to speak.

Mr. Wright said he would not now urge the matter, but thought it should be called up speedily and disposed of.

The bill to count the vote of the President and Vice President was then taken up. Several amendments were offered and rejected, after which the bill was amended in its phraseology without altering its meaning and the question recurred on its passage.

Mr. Eaton said he should vote against the bill because he was opposed to any such legislation and tinkering, and he did not think Congress had any power to do this thing.

Mr. Cameron of Pa. said the Senator from Conn. was not able to go on with his speech to-day, and he would move an executive session.

Mr. Morton earnestly desired to finish the bill.

Mr. Hamlin asked the Senate to lay it aside and take up the post route bill, and the Senate agreed. It was ascertained that the bill had been sent to the printers with pending amendments and the Senate went into Executive session at 3.10 P. M. adjourned.

House.

A large number of bills and resolves were disposed of by passage and reference and the morning hour having expired, the House went into Committee of the Whole (Mr. Cox in the chair), on the legislative, executive and judicial appropriation bill, with the understanding that all general debate on the bill be limited to two hours and a half. The committee was addressed by Mr. Scales of N. C., in support of the bill and in advocacy of the transfer of the Indian Bureau from the Interior to the War Department.

Mr. Yates of N. C. spoke in defence of the Democratic party against the attacks of the Republican members of the House. His speech created much merriment in all parts of the House. Mr. Throckmorton, of Tex., addressed the House on the necessity of protecting the frontiers of the country, after which the committee rose and without transacting further business of importance the House adjourned.

NEW YORK CITY

Comments of the Papers on the Syracuse Convention.

NEW YORK, March 23. The action of the Syracuse Convention is variously commented on. The Herald thinks if Conkling goes into the Cincinnati Convention with the support of Grant he will be the national nominee, and even without Grant's support Conkling will have the power to name the next Presidential candidate. The adherence of New York to Conkling the Herald considers right and says the Convention did well not to be driven into a cowardly position by the political assassins who followed Curtis.

The World says the contrivers of the alliance of the Republicans and Canal ring which was beaten by the Democrats last fall were victorious yesterday at Syracuse over the honest men of the Republican party.

The Tribune says every well informed politician knows that Roscoe Conkling is not the choice for the Presidency of a majority or even of a large minority of the Republican voters of New York. He is not the real choice of the very office-holders in this city, who secured their places at his hands and hold them at his mercy. In most of the other States he has no more strength than Orville Grant. It says the delegates selected to go to Cincinnati are machine politicians pledged to Conkling. The Tribune wants to know what the Union League, George W. Curtis, Gov. Morgan and the editors who applauded the impudent resolutions of the Union League Club are going to do about it.

The Sun has no comments.

The Times says the thick and thin supporters of Senator Conkling are entitled to all the comfort they can extract from yesterday's victory, if such it can be called. As we look at the matter it is a victory of very bad omen for the success of their candidate before the National Convention. Seventy votes in yesterday's Convention would have converted Conkling's majority into a minority and we think we could find twice seventy who would not have been in the Convention at all but for the control Conkling has so long exercised over the Federal patronage of State. It believes, however, from the high character of many of the delegates to Cincinnati, that they will be guided by much more elevated considerations than those which swayed the majority in the Convention. They have time to ascertain the opinion of their constituencies and it will be their own fault if they do not go to Cincinnati fully prepared to sustain a policy and a candidate of vigorous reform, on which alone the party can confidently expect to carry this State.

RHODE ISLAND.

The Republican State Convention.

PROVIDENCE, March 23. The Republican State Convention met at the State House at 1 o'clock to-day. Nelson W. Aldrich, of Providence, was chosen President; Charles Ballou and Henry T. Braman, Clerks. The present incumbents of State offices were nominated for re-election, viz: For Governor, Henry Lippit, of Providence; Lieutenant-Governor, Henry T. Sisson, of Little Compton; Secretary of State, Joshua M. Addeman; Attorney-General, Willard Sayles; General Treasurer, Samuel Clark.

CONNECTICUT.

A Letter Thief Caught.

NEW HAVEN, March 23. This morning Special Agent Surratt arrested Joseph L. Benedict, aged 18 years, a mail-carrier between So. Norwalk and Norwalk, for robbing the mails. Upon his person were 40 letters which he had opened. Wednesday night and this morning two decoy packages of jewelry were also found on him, together with a money-order for $10.

WASHINGTON.

The Emma Mine—Further Testimony of Mr. Stewart.

WASHINGTON, March 23. Ex-Senator Stewart resumed his testimony to-day saying that on his return from Paris to London he met Schenck, who stated to him he had concluded to become a director in the Emma Mine Co. He did not think there was any impropriety in doing so, for the reason that at that time the minister of Portugal, one of the oldest and most respected diplomats, was President of a Tramway Company, and also a vender of stocks. Witness said he had reason to believe that Schenck knew before he became a director that Albert Grant was to receive 100,000 pounds for being a promoter of the scheme. The character of Grant was obtained from Pulston who said Grant was a man of wealth, efficient and successful in everything he undertook. It was not known how Grant's private character was regarded by the people of London. Witness was asked if he, Park and Grant had an understanding prior to settlement that stocks should be brought in open market with a view of sustaining prices. Witness answered yes, with the explanation that it was the understanding that if the Bears undertook to blackball the stock and sell short when they really had no stock for the purpose of destroying the stock, Grant was to manage and take care of the stock, which he did according to the practice of the Stock Exchange. More than one half of the stock was then thrown on the market.

Park paid Lyon $5000 in addition to the $15,000 in June 1872 and told Stewart that it must come from his share. Lyon's receipt was produced. He (Stewart) and Hillyer were to get $100,000 and he became anxious about it. Park gave him a check for $50,000 for Hillyer and brought Mrs. Stewart $50,000 of Canada Southern and Utah Central Railroad bonds. He went to Utah and remained a year attending to the interests of the Company fighting law suits and the conspiracy. The bonds to his wife, the cash paid from time to time with a check for $15,000 or $25,000 in the settlement was as near as he could get at it, about $270,000. Witness showed telegrams dated in February and March and a threatening letter from Lyon, dated March 5th, 1875, which he gave as original information to him of Lyon's intentions which resulted in a suit in New York against Park, Baxter and Stewart by the Emma Mine Company of London to recover the $50,000 purchase money.

The Post Traderships.

C. K. Peck was recalled and testified before the Committee on Expenditures in the War Department to-day. The post traders were assessed for political purposes: that during the last Presidential canvass he had paid from $6,000 to $8,000. He thought that he remitted the money to the chairman of the committee at Washington. He presumed they were asked to subscribe because they held post traderships under the administration. He did not consider that they were obliged to pay, but were notified that the contributions would be acceptable. He and his partner, Durfee, had four military posts and six Indian trading posts, though the contributions from the military posts were in proportion to the number of troops there.

D. J. Fisher was recalled and testified that the firm of Evans & Co., post traders, contributed money for political purposes in pursuance of a request contained in a printed circular. He did not understand that the contribution was compulsory, but thought it was a safe way to pay the money.

Evans was recalled and being asked if he contributed money during the last Presidential canvass, said that in compliance with a circular sent to Fort Sill he sent $300 to the Republican State Committee in Washington, and paid $170 to the same committee within the last six months. Witness said he was not now mixed up in politics. He would not have paid the money if he had been called on to do so. He sent the check for money to Postmaster Edmunds.

E. G. Leonard, of Cincinnati, testified that he was in the hardware business with the late Mr. Bower. The estate of the deceased was valued at from $25,000 to $30,000—$15,000 being for life insurance—the money owed to Mrs. Bower was paid as the surviving partner to Geo. H. Pendleton, a mutual friend of both parties, and who was attorney for Miss Bower. Witness never heard what investment was made of the money. He knew C. P. Marsh, who, at that time, was in Cincinnati, but had no connection with the transaction. Marsh said that he was glad to hear that the widow came out so nicely in her business.

Further Testimony by C. P. Marsh.

Marsh appeared before the Judiciary sub-committee this morning in secret session. He was asked whether he had anything farther to say which would shed further light upon his transactions with Secretary Belknap. He replied that he had made, and that he believed that he had made, a full and candid confession of all the facts and concealed nothing. He was then asked why he had fled. He replied that what he saw in the papers of the day succeeding that on which he had given his testimony induced him to flee for safety. This completed Marsh's examination, and the question whether additional testimony shall be taken on other charges against Belknap before proceeding with the impeachment will be discussed to-morrow by the full Judiciary committee.

THE INDIANS.

A Rumored Fight.

OMAHA, March 23. A report has been started from Cheyenne that Gen. Crook had a terrible fight with "Sitting Bull's" band of Sioux, with a loss of two soldiers and sixteen Indians, and that an officer was in Cheyenne recruiting volunteers to go to the General's assistance. No such information has been received at these headquarters, and Gen. Williams is authority for a denial of the whole story. No information relative thereto has been received at Fort Fetterman which is the nearest point to the expedition.

DR. SCHENCK'S STANDARD REMEDIES.

The standard remedies for all diseases of the lungs are SCHENCK'S PULMONIC SYRUP, SCHENCK'S SEA WEED TONIC, and SCHENCK'S MANDRAKE PILLS, and if taken before the lungs are destroyed, a speedy cure is effected.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary diseases.

The Pulmonic Syrup ripens the morbid matter in the lungs; nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, the patient has rest and the lungs begin to heal.

To enable the Pulmonic Syrup to do this, Schenck's Mandrake Pills and Schenck's Sea Weed Tonic must be freely used to cleanse the stomach and liver. Schenck's Mandrake Pills act on the liver, removing all obstructions, relax the gall bladder, the bile starts freely, and the liver is soon relieved.

Schenck's Sea Weed Tonic is a gentle stimulant and alterative; the alkali of which it is composed, mixes with the food and prevents souring. It assists the digestion by toning up the stomach to a healthy condition, so that the food and the Pulmonic Syrup will make good blood; then the lungs heal, and the patient will surely get well if care is taken to prevent fresh cold.

All who wish to consult Dr. Schenck, either personally or by letter, can do so at his principal office, corner of SIXTH and ARCH Sts., Philadelphia, every Monday. Schenck's medicines are sold by all druggists throughout the country.

Particular attention is called to the *rate of interest* and the *investments* of the Company. No Premium Notes or other questionable securities received or held.

The old Equitable Society of London was 80 years in accumulating $25,000,000. The Mutual Life accumulated $80,000,000 in 32 years.

[illegible]

Insurance in this Company COSTS LESS as its DIVIDENDS are LARGER than those of any other company.

Dividends declared and paid in cash at the end of first year, and annually thereafter.

Its securities are BETTER—its expenses SMALLER than any other.

Many of its Policies nearly doubled in amount during the past 25 years, and the CASH Dividends in many cases are more than the Annual Premiums, so that in a few years the Policy becomes self sustaining. No other Life Company in this country, or the world, has shown such results, or presents such advantages for insurance as this.

VEGETINE

Purifies the Blood, Renovates and Invigorates the Whole System.

Its Medical Properties are

ALTERATIVE, TONIC, SOLVENT AND DIURETIC.

VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs, and so strongly concentrated that it will effectually eradicate from the system every taint of Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Faintness at the Stomach, and all diseases that arise from impure blood. Sciatica, Inflammatory and Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints, can only be effectually cured through the blood.

For Ulcers and Eruptive Diseases of the Skin, Pustules, Pimples, Blotches, Boils, Tetter, Scaldhead and Ringworm, VEGETINE has never failed to effect a permanent cure.

For Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhœa, arising from internal ulceration, and uterine diseases and General Debility, VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflammation, cures ulceration and regulates the bowels.

For Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System, no medicine has ever given such perfect satisfaction as the VEGETINE. It purifies the blood, cleanses all of the organs, and possesses a controlling power over the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.

In fact, VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable BLOOD PURIFIER yet placed before the public.

Prepared by

H. R. STEVENS, Boston, Mass.

WHAT IS VEGETINE? It is a compound extracted from barks, roots and herbs. It is Nature's Remedy. It is perfectly harmless from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It quiets the nervous system. It gives you good, sweet sleep at night. It is a great panacea for our aged fathers and mothers, for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep—as has been proved by many an aged person. It is the great Blood Purifier. It is a soothing remedy for our children. It has relieved and cured thousands. It is very pleasant to take; every child likes it. It relieves and cures all diseases originating from impure blood. Try the Vegetine. Give it a fair trial for your complaints; then you will say to your friend, neighbor and acquaintance, "Try it; it has cured me."

VEGETINE, for the complaints for which it is recommended, is having a larger sale throughout the United States than any other one medicine. Why? *Vegetine will Cure these Complaints.*

VALUABLE INFORMATION.

BOSTON, Dec. 12, 1869.

Gentlemen—My only object in giving you this testimonial is to spread valuable information. Having been badly afflicted with Salt Rheum, and the whole surface of my skin being covered with pimples and eruptions, many of which caused me great pain and annoyance, and knowing it to be a blood disease, I took many of the advertised blood preparations, among which was any quantity of Sarsaparilla, without obtaining any benefit until I commenced taking the VEGETINE, and before I had completed the first bottle I saw that I had got the right medicine. Consequently, I followed on with it until I had taken seven bottles, when I was pronounced a well man, and my skin is smooth and entirely free from pimples and eruptions. I have never enjoyed so good health before, and I attribute it all to the use of VEGETINE. To benefit those afflicted with Rheumatism, I will make mention also of the VEGETINE'S wonderful power of curing me of this acute complaint, of which I have suffered so intensely.

AMERICAN ENAMEL CO'S PATENT WROUGHT IRON Enameled WATER PIPE.

This pipe is enameled under great heat, both inside and out, which gives it a hard jointless surface and prevents it from rust or corrosion. S. Dana Hayes, State Assayer and Chemist for the State of Massachusetts says: "I commenced the investigation with some doubts about your Enameled Pipe, but the severe tests which I have employed prove that it is perfectly harmless, and possesses great durability, these being the properties of most importance in water pipe."
